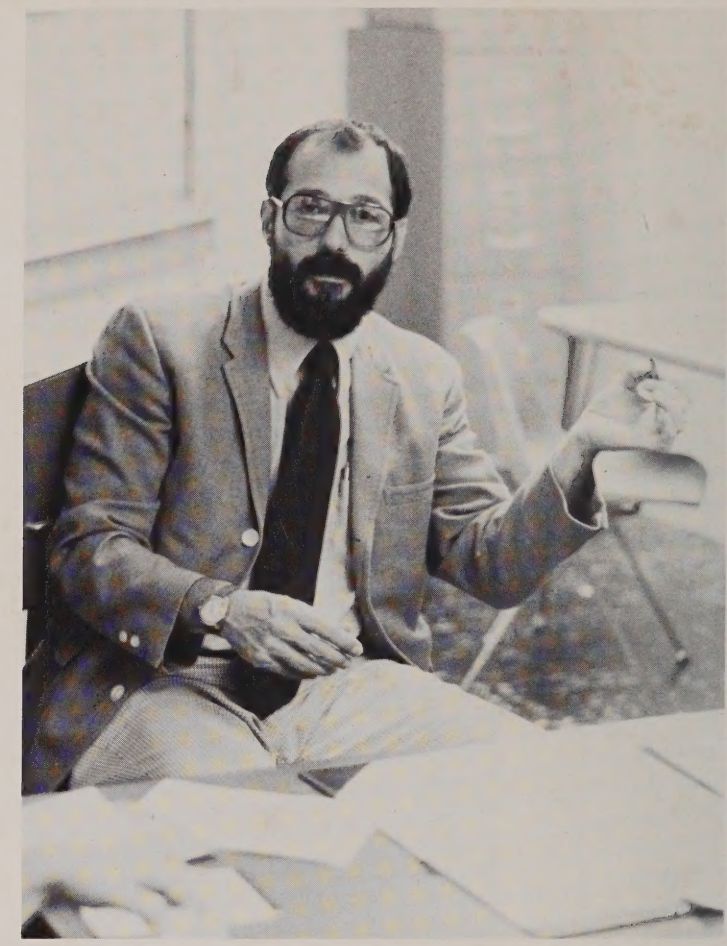
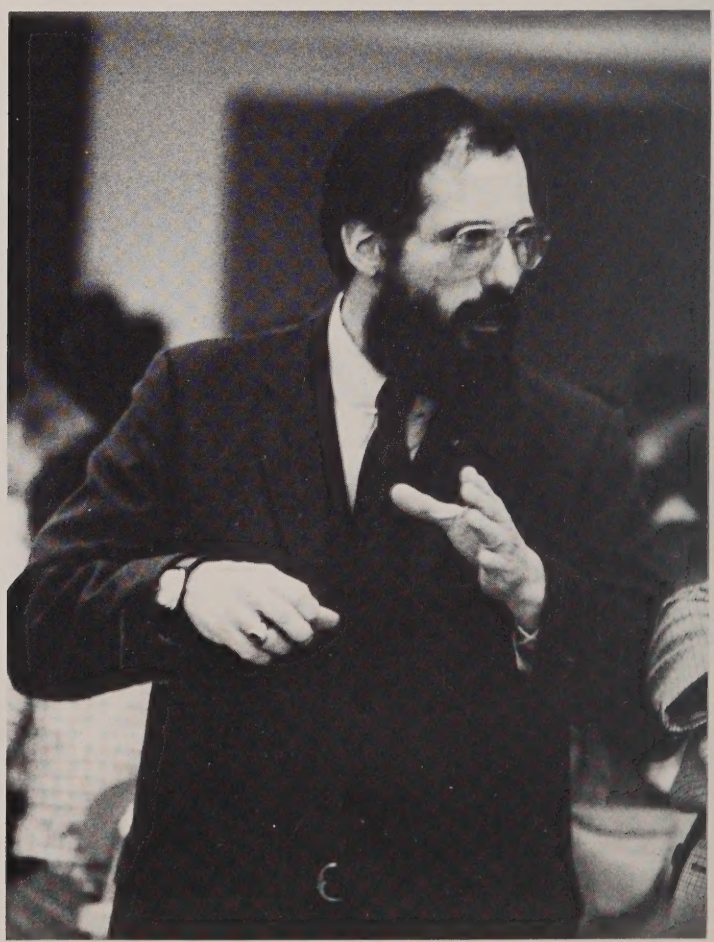
MR. McCLELLAND: The Main Man

Mr. McClelland is the man we turned to when we had a problem. He gave us his "PEARLS OF WISDOM." Mr. McClelland is the man, to whom we hand the lines, when he hands out what we deserve. Mr. McClelland is the man we respect for doing his job, and we know he respects us. Mr. McClelland is a man with a sense of humor. He participates in our class activities. He is a man we know is proud of our class. Mr. McClelland is a man we love and will miss when we leave.



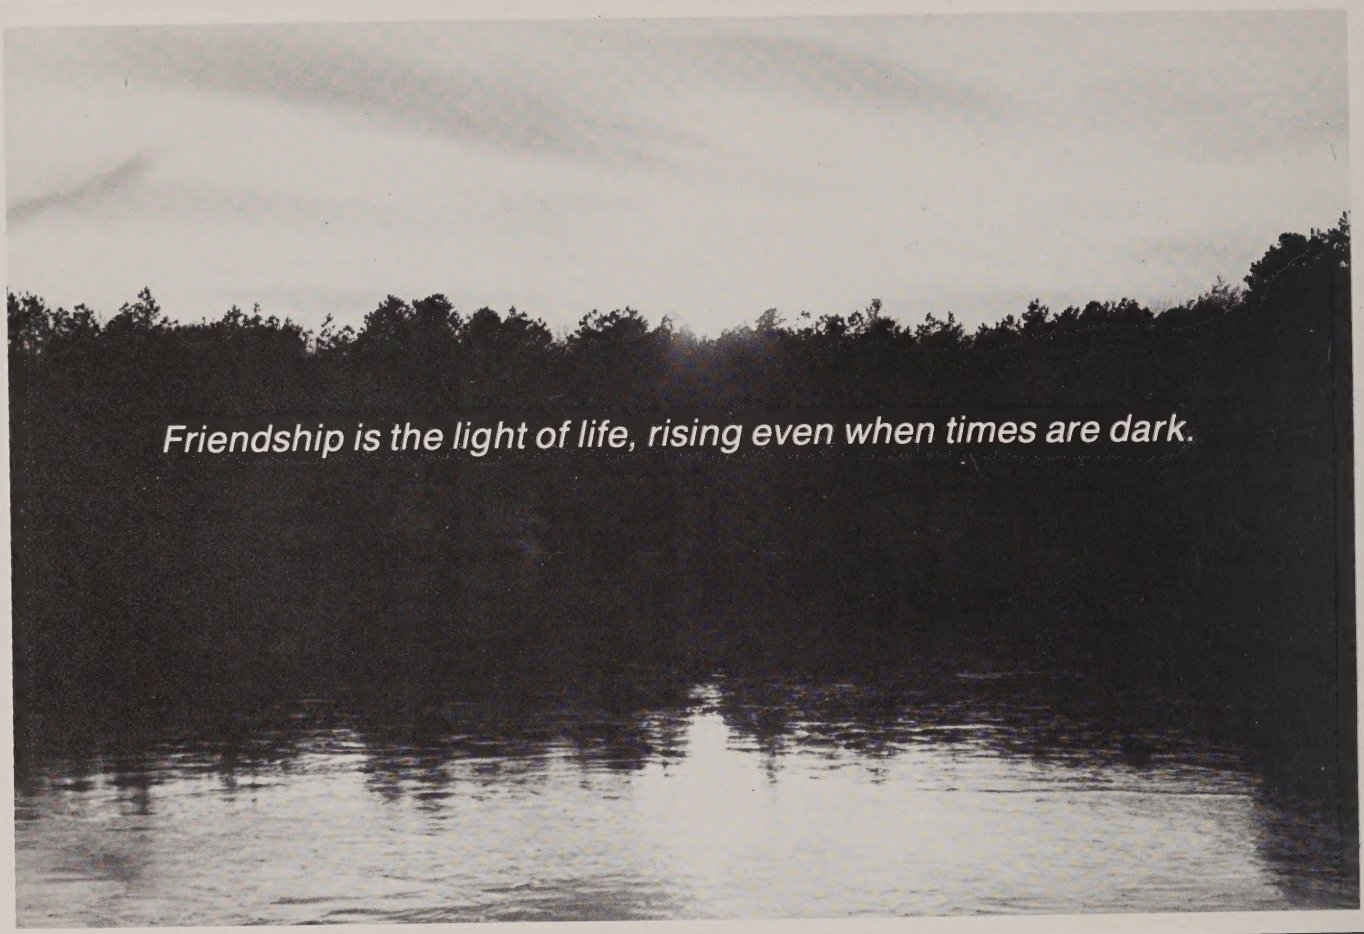


DIRECT PEARL OF WISDOM FROM JIMBO: "ONE SHOULD TRY TO REFRAIN FROM MAKING A CHOICE THAT LIMITS FUTURE OPTIONS!"

A Dedication in Friendship to Brenda Grace

The world is so empty if one thinks only of mountains, rivers, and cities; but to know someone who thinks and feels with us, and who, though distant is close to us in spirit, this makes the earth for us an inhabited garden.

Goethe



A friend is someone who leaves you with all your freedom intact, and who obliges you to be fully what you are.

What is a friend? *I will tell you.* ***It is a person with whom you dare to be yourself.*** *Your soul can be naked with him. He seems to ask of you to put on nothing, only to be what you are. He does not want you to be better or worse. When you are with him, you feel as a prisoner feels who has been declared innocent. You do not have to be on your guard. You can say what you think, so long as it is genuinely you. He understands those contradictions in your nature that lead others to misjudge you. With him you breathe freely. You can avow your little vanities and envies and hates and vicious sparks, your meannesses and absurdities and, in opening them up to him, they are lost, dissolved on the white ocean of his loyalty. He understands. You do not have to be careful. You can abuse him, neglect him, tolerate him. Best of all, you can keep still with him. It makes no matter. He likes you — He is like fire that purges to the bone. He understands. He understands. You can weep with him, sin with him, laugh with him, pray with him. Through it all — and underneath — he sees, knows, and loves you.* ***A friend? What is a friend? Just one, I repeat, with whom you dare to be yourself.***

C. Raymond Beran

You just call out
my name
And you know wherever
I am
I'll come runnin' to see
you again.
Winter, spring, summer
or fall
All you have to do is
call
And I'll be there. You've
got a friend.

Carole King

A faithful friend
is a sturdy shelter
He that has
found one
Has found a treasure.

Ecclesiastes 6:14

Someone —
to talk with
to dance with
to sing with
to eat with
to laugh with
to cry with
to think with
to understand
Someone —
to be my friend
Susan Polis
Schutz

I haven't seen you
in a while
yet I often imagine
all your expressions

I haven't spoken to
you recently
but many times
I hear your thoughts

Good friends must not
always be together
It is the feeling of
oneness when distant
that proves a lasting
friendship

Susan Polis
Schutz

There is no need for an outpouring
of words to explain oneself to a friend.
Friends understand each other's thoughts
even before they are spoken.

What Is an Athlete?

Between the indifferent people and the people of protest, there are surprising individuals called athletes. These people come in different colors, speeds, uniforms, abilities, and hairstyles. They all have one thing in common: they each give one hundred percent! All the time.

Athletes can be found everywhere. One may see them passing, running, dribbling, throwing, jumping, catching, batting, and moving all the time.

To their teammates, athletes are hard workers — always in the right place, always unselfish, and always trying to improve. These people are praiseworthy, determined, and they understand the meaning of teamwork.

To the coach, athletes are fine clay to be molded, bodies to be taught and dreams-come-true. But to the athletes themselves, they are never good enough and would be nothing if not for their teammates' great efforts. Superior athletic performance is an example to others — the reason a team lost, but never the reason it won.

The athletes are wonderful beings. One may doubt their capabilities but never their courage. One may question their efficiency, but never their effort.

One might be able to defeat an athlete, but one will never be able to make an athlete quit.

From Mr. Dorr

Dear Seniors,

There is a special fondness in my heart for you. We hardhats: Mark, Frank, George, and I — want to wish you all the best as you head on to different challenges. From camp to Falmouth you have met adversity, and you have conquered it.

Your spirit, competiveness, and resiliency carried you for this year. They are characteristics which will never desert you. As players you were "winners" in a game called Football, as men you will be "winners" in life. Throw out that chest, tuck in that chin, and walk tall.

Pride, Poise, Team of 79!!!

Best of Luck!

An Ode to a Field Hockey Season
Our team and our coaches
are the best and then some.
We are the league champs,
yes, we are Number One!
We did start the season
with sort of a flop —
And it's true all the teams
thought they'd give us the mop.
But we gathered together
like birds in a nest
And proved to all foes
that we were the best!
We had sharing and caring
that helped us get through
But we were a team
that found fun in it too.
I'll miss you coach Spurr
as a coach there's no other
Who could torture and yell,
but still care like a mother.
We're a real special group
each one a real friend
and I guess that's the reason
I hate to see it all end.
Yes, it's all over now,
but in our hearts there's a glow
With pride and fond memories —
We're *Champions*, you know.

This school spirit has helped all of us in the Barnstable basketball program to have a very enjoyable season." — Coach Segura

The winter track squad continuously received sterling performances from many of its athletes despite a losing record. Senior Co-Captain Dave Ryan, juniors Ken Ellis and Brian Reid, and sophomore Kevin Farley each qualified in their respective events for the highly selective State Coaches meet at Harvard in January. With the balance of team strength lying mostly among the juniors and sophomores, and promising talent developing in the freshman rank, Barnstable should be able to look forward to some promising seasons in the next couple of years at least.

Here to welcome us to a new society four years ago, you eventually united four hundred of us into one group. Growing with us every day, you taught us about Freud and hyperbolas, World War II and osmosis, Thoreau and savoir-faire, but mostly about ourselves. Correcting our faults, disciplining us when we ventured down the wrong path, you remained faithful and believed in our every endeavor, from a formal junior prom to a zany Senior Overalls Day. Reflecting and creating many moods, you were serenely comforting yet furiously demanding. Laughing, frowning, enjoying, fretting, sometimes shooting the bull in a hallway traffic jam, you were always on patrol with a keen gaze for deviants from established rules. Having no beginning, having no end, you are a complex coming together of many elements. With the departure of Mrs. Towey, to whom we leave our fondest gratitude, comes the arrival of Ms. Trafton, Mr. Cotter, Mr. Pribish, and all other new staff members whom we didn't have the chance to know well, yet to whom we leave strong support. You have helped to guide us to a secure future. Now we must say good-bye with appreciation and a feeling of accomplishment, yet with, nevertheless, a sigh.

We, the Senior class of 1980, wish to thank you, the faculty members, for being our teachers, disciplinarians, coaches, but mostly our friends.

The Alternate Learning Program of Barnstable High School is a "school within a school" that offers a creative and flexible approach to learning. It is a community-centered school with an open atmosphere, designed to provide an educational setting conducive to cultivating the individual potential of each student. It is characterized by smaller classes, a relaxed, informal atmosphere, and an air of respect for self and others.

The philosophy of the program is to understand, accept, and motivate each student as a whole person. The A.L.P. values the differences of individuals and their environments and motivates each student to commit him/herself to a continuing process of growth in developing his/her own unique abilities and skills.

Based upon the belief that learning is a lifelong process, that it continues both inside and outside the classroom, that the environment provides the natural base for learning to occur, opportunities for independent studies and frequent interaction with the outside community remain central to the core of the program. Every effort is made to blur and finally eradicate the artificial distinction between life and learning. Its curriculum is diverse and exciting, with community volunteers and resources employed regularly to broaden perspectives and integrate real-life situations with school-oriented learning.

The idea of choice is seen as one of the most important instruments for education, and it is utilized in all aspects of the program. Students are encouraged to evaluate data and resources, see available alternatives, understand the kinds of requirements they will meet throughout life, see education in terms of their own goals, and learn how to make intelligent decisions.

Various options are available to each student in planning his/her course of study. In addition to the conventional course offerings of English, math, social studies, and science, are such electives as aviation, survival cooking, group leadership skills, calligraphy, needle art, creative writing, rock lyric poetry, swimming, career planning, decision-making, and values-clarification courses. Course credit is often available for independent study contracts, work-experience programs, and community volunteer work. Students may also elect courses offered in the regular high school curriculum.

The essence of alternative education is communication and cooperation where students and faculty work together with mutual respect and responsibility. The A.L.P. staff and students together make decisions of internal governance in representative government meetings: the Entrance Committee makes all decisions pertaining to the admittance of new students; the Policy Committee sets guidelines by which the A.L.P. operates; the Appeals Committee makes decisions concerning violations of policy.

This year's activities, in addition to a visit to the Boston Symphony, included various local field trips to the ocean, the courthouse, a radio station, a stock broker, Barnstable Airport, and Otis Air Force Base. A highlight of the year was a three-day trip to Boston University's Camp Sargent in Peterboro, New Hampshire, where students and staff challenged themselves with such basic survival skills as rope climbing, canoeing, and rock climbing. Volunteer teachers and guest speakers enhanced the program via their own special expertise (e.g., certified flight instructors, a lawyer, a banker, a retail store manager, alcohol and drug counselors, a nutritionist, a nurse, a journalist, and a folk singer-guitarist). Students, too, volunteered in the community in such areas as assistants in the luncheon program for the elderly, volunteer firemen, telethon operators, and volunteer workers at our local community hospitals.

The A.L.P. offers an important option within the school system, one that sees education in broader terms than the traditional schools and that offers wider opportunities and greater flexibility through which many students can better fulfill their creative, intellectual, and social potential.

I was staying in BHS for the whole last school year as an exchange student. I am from W. Germany, but this school and the whole Cape started to become my second home. I was a student in ALP and enjoyed their way of learning. But I also took classes in regular high school. I would like to say: "Guys enjoy your school system. Education in Germany is much harder." I am a senior here and three years left at home.

Seniors are a wonder, each year we prove it's true
But when the seniors go away what will juniors do?

I doubt you'll win at Powder Puff, To win you must be mean
Unless the younger sophomore class has another feeble team;

You'll get a chance at Junior Miss, wearing gowns of lace
Get rid of all your tomboy ways and work on style and grace.

The Junior Prom is lots of fun, for some, it's your first date
Take advice from senior guys, it's best don't hesitate
Eat, dance, promenade, sing songs of every sort,
Smile pretty, be polite, and become the queen or court.

Each class elects a homecoming queen for the traditional football game
But only seniors elect a king to gain publicity and fame.

Who's the prettiest, craziest, or any superlative we choose?
You can bet it will be a senior, let's face it, we just can't lose.

School activities are rewarding and fun, be sure to participate
Show your spirit, get involved, before you graduate!

Barnstable High School has many clubs and activities which provide students with the opportunity to express their interests and skills and to develop friendships. Some of the many clubs are the Speech Team, Drama Club, Key Club, **Insight,** and the Imani Club. These clubs have been proven to be beneficial to both the student body and the staff.

From the Speech Team's fabulous speeches, to the Drama Club's terrific plays, to the Key Club's Junior Miss Program, to action-packed articles in **Insight,** and to the Imani Club's work to promote an understanding of minority culture and heritage, and to every club in between, we at Barnstable High School have something for every individual.

A.F.S.

AFS stands for American Field Service. Through AFS students in their junior and senior years in high school can go to a foreign country to study in a school, live in a family, and experience a new culture and language, or students can go for eight weeks in the summer. This is a good experience for kids who don't want to go away for a full year, but do want the experience.

For Americans there is a Domestic Exchange Program also. Through this, kids can go for six months to a different state, and usually a different lifestyle than theirs. AFS is truly unique in that anywhere you go, you can find someone who is connected with AFS in some way.

CONCERT CHOIR

In the past few years the Concert Choir has really begun to excel. Already this year they have sung for Rotary, and they will probably sing for numerous other clubs and organizations before the end of the year. They also sing some of their music in other languages which provides a challenge for the performers. Many of the Concert Choir members also become involved in the musicals which the drama department performs.

ORCHESTRA

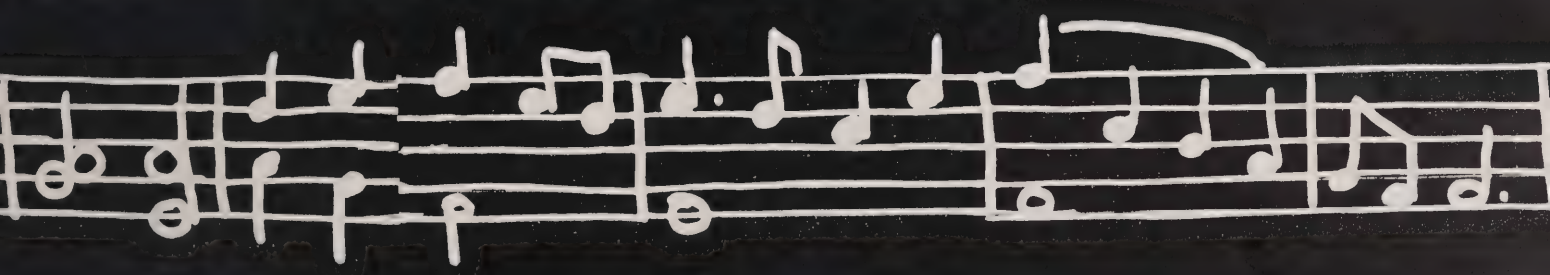
The Orchestra performs a wide variety of selections ranging from classical to contemporary. It consists of many skilled musicians from both the band and the string ensemble. This year the Orchestra hosted another orchestra from Canada. This orchestra played mostly contemporary music and mixed some ukulele playing in with it. We will be sending many of our orchestra people to music festivals this year ranging from All-Cape to All-State.

CONCERT BAND

This year's Concert Band shows great potential with a number of outstanding senior performers. We will be performing some major works this year, such as "Russian Christmas Music" and the "William Tell Overture". Other lighter pieces, such as "Mac Arthur Park" and "March Grandioso" will also be performed.

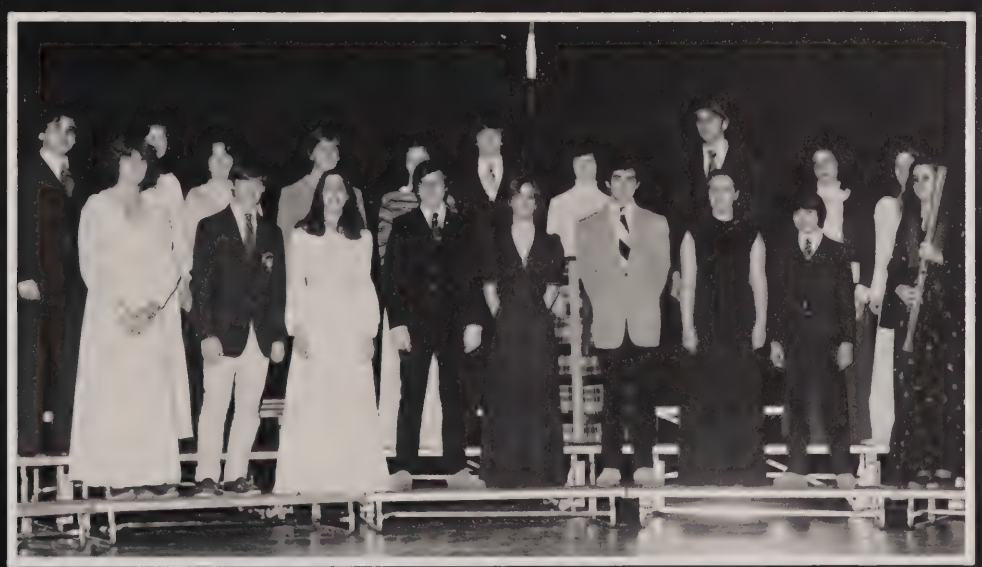
JAZZ ENSEMBLE

Jazz Ensemble, unlike any other of the performing groups consists of a lot of solo work. Because of this, the members are required to audition by playing scales and improvising. By auditioning in this way, only the kids who are able to play solos in jazz style are picked. Last year, the Jazz Ensemble went to a few competitions. If they go again this year, we wish them luck.



COLEGIUM MUSICUM

The Colegium Musicum is a vocal group which performs music from the baroque period with recorder, lute, and harpsichord accompaniment. Most of the music is sung in foreign languages which demands excellent musicianship and language ability from its members. All of the singing members of this group are selected from the Concert Choir. In this way the Colegium Musicum is very similar to the Jazz Ensemble.



B.H.S. MARCHING BAND

THE PRIDE OF CAPE COD

We had one of our best bands this year as far as group spirit went. We got through our practices and our games with a lot of enthusiasm and work, even when all we heard was "Go back and do it again!" If the spirit level stays up where it is now, then next year's band should be even better.

DRUM MAJORS:

Our Drum Major, Caren, and our Student Directors, Andy and Alex, should get medals for achievement. All three of them went to band camp to learn how to help us be the best possible band. And when they came back, they did an excellent job of applying their new knowledge. We thank them and wish next year's band a great season.

THANK YOU FOR BEING A FRIEND
TRAVELED DOWN A ROAD AND BACK AGAIN
YOUR HEART IS TRUE, YOU'RE A PAL AND A CONFIDANT

I'M NOT ASHAMED TO SAY
I HOPE IT WILL ALWAYS STAY THIS WAY
MY HAT IS OFF, WON'T YOU STAND UP AND TAKE A BOW?

AND IF YOU THREW A PARTY, INVITED EVERYONE YOU KNEW,
YOU WOULD SEE THE BIGGEST GIFT WOULD BE FROM ME
AND THE CARD ATTACHED WOULD SAY —

THANK YOU FOR BEING A FRIEND.

IF IT'S A CAR YOU LACK,
I'D SURELY BUY YOU A CADILLAC
WHATEVER YOU NEED ANY TIME OF THE DAY OR NIGHT.

I'M NOT ASHAMED TO SAY
I HOPE IT WILL ALWAYS STAY THIS WAY
MY HAT IS OFF, WON'T YOU STAND UP AND TAKE A BOW

AND WHEN WE BOTH GET OLDER,
WITH WALKING CANES AND HAIR OF GREY,
HAVE NO FEAR EVEN THOUGH IT'S HARD TO HEAR,
I WILL STAND REAL CLOSE AND SAY — THANK YOU FOR BEING A FRIEND

AND WHEN WE DIE, AND FLOAT AWAY, INTO THE NIGHT, THE MILKY WAY,
YOU'LL HEAR ME CALL AS WE ASCEND. I'LL SAY YOUR NAME; THEN
ONCE AGAIN —

THANK YOU FOR BEING A FRIEND.

Desiderata

Go placidly amid the noise
and the haste, and remember
what peace there may be
in silence. As far as possible,
without surrender, be on good terms with
all persons. Speak your truth quietly and
clearly; and listen to others, even to the dull and
ignorant; they too have their story. Avoid
loud and aggressive persons; they are vexatious to
the spirit. If you compare yourself with
others, you may become vain or bitter, for always
there will be greater and lesser persons than
yourself. Enjoy your achievements as well as
your plans. Keep interested in your own career,
however humble; it is a real possession in the
changing fortunes of time. Exercise caution in
your business affairs, for the world is full of
trickery. But let this not blind you to what virtue
there is; many persons strive for high ideals,
and everywhere life is full of heroism. Be
yourself. Especially do not feign affection.
Neither be cynical about love; for in the face of all
aridity and disenchantment, it is as perennial as the
grass. Take kindly the counsel of the years,
gracefully surrendering the things of youth. Nurture
strength of spirit to shield you in sudden
misfortune. But do not distress yourself with dark
imaginings. Many fears are born of fatigue and
loneliness. Beyond a wholesome discipline, be
gentle with yourself. You are a child of the
universe no less than the trees and the stars; you
have a right to be here. And whether or not
it is clear to you, no doubt the universe is unfolding
as it should. Therefore be at peace with God,
whatever you conceive Him to be. And
whatever your labors and aspirations, in the noisy
confusion of life, keep peace in your soul.
With all its sham, drudgery and broken dreams,
it is still a beautiful world. Be cheerful.
Strive to be happy. Max Ehrmann
